

# Share your experiences of local healthcare...

And help us to improve services in Stroud and Berkeley Vale!

Gloucestershire NHS organisations and the County Council are now working more closely with local Stroud and Berkeley Vale GPs, to determine how together, we can better support

**older people living with frailty.**

We are initially focusing upon people registered with the following GP surgeries:

- Cam and Uley Surgery
- The Chipping Surgery
- The Culverhay Surgery
- Marybrook Medical Centre
- Walnut Tree Practice
- Acorn Practice

If you are registered with any of these surgeries, or simply live in the area and want to join the conversation, we would welcome your views and experiences of local health and social care services - your voice is vital.

**So come and talk to us!**

GL11 Community Hub,  
Fairmead, Cam GL11 5JS

**Tuesday 13 December 2016**  
**9.45am-12.00 noon**

**A free lunch will be provided to thank you for your contributions.**
