

# HAVE YOU HAD A CANCER DIAGNOSIS? DO YOU FANCY SOME CREATIVE RELIEF?

## JOIN **FLOURISH** (A DIFFERENT KIND OF SUPPORT GROUP)

A support group led by a professional artist – 2 hours per week for 8 weeks – with a small group of others who have lived a similar experience

Come and try out different artistic techniques – no experience (or skill) necessary, so whether you can just about manage a stick man or you've exhibited at the Tate you'll fit right in

Classes are totally **free** and all materials will be provided

If you would like some creative respite and the camaraderie and support of others who have "been there", ask your GP or health professional for a referral today
